## STOCK FEEDS SHOW BIG IMPROVEMENT

Analyses Demonstrate Better Conditions Under Inspection Statutes.

### PROVISIONS OF NEW LAW

Distinction Drawn Between Mixed Feeds and Pure Mill By-Products.

Great satisfaction is expressed by the State Dairy and Food Commission over the marked improvement in the general character of stock feeds offered for sale in Virginia. This condition has been demonstrated by the results of the analyses made by the chemical department of the commission, presented in its latest bulletin. The improvement has been accomplished, it is stated, with little or no advance in the market price of the products. By this it is not meant that the price of all feeds has not increased, but rather that the advance has not been due to the improved character of the products, and that it is to a large extent sympathetic, having taken place along with the general advance in the cost of all food stuffs. The department believes that the feeder is getting the benefit of the improvement, while the manufacturer has a much fairer field in which to market his products.

**Feeds Defined.**  
Under the provisions of the law enacted at the last session of the General Assembly, all feeds intended for domestic animals and poultry are included in the definition of "concentrated commercial feeding stuff."

However, there is excepted from this definition, straw, corn stover, the whole unground or grain, the pure by-products of wheat, known as middlings, shorts and bran, and the pure products of corn, known as corn meal, hominy, grits and corn bran. Therefore, all such feeds, minus the exceptions noted, come under the tonnage tax or inspection tax requirements, and must have branded on the sack or printed on a tag attached to each package the following information: The net weight of the package; the name, brand or trademark under which sold; the name and address of the manufacturer, jobber or seller; the name of each ingredient of the feed, and a statement of the maximum percentage of protein and fat and the minimum percentage of fiber the feed contains.

**Tag Requirements.**  
The exempted corn and wheat products—known as wheat middlings, shorts and bran, corn meal, hominy, grits and corn bran—when unmixed with other material, must be branded or tagged with a printed statement certifying the net weight of the package, the name under which it is offered for sale, and the name and address of the manufacturer. The exceptions to this requirement are on sales of these products to the consumer by the manufacturer at the place of manufacture, and on sales made by the farmer who grew the grain from which the products are made. The guaranteed analysis, required to be shown on packages of concentrated feeding stuffs, is not required on packages of the exempted products, but, if the analysis does not appear upon the package, it must be lived up to by the guarantor.

Manufacturers, their agents or distributors of concentrated feeding stuffs must register and guarantee their products as heretofore to the State Dairy and Food Department, as a prerequisite for their sale, and every package must have attached the guaranteed analysis tag and the State inspection stamp or tag with the names of each ingredient of the feed.

**Millers to Register.**  
Wheat and corn millers desiring to offer for sale the products exempted from the provisions of the tonnage tax and the concentrated feeding stuff requirements, must make application to and register with the Dairy and Food Department, declaring the daily production capacity in barrels of flour or in bushels of meal, or both, of the mill which it is desired to register, and to pay at the time of making such application the fees prescribed by the new law.

The exempted products of wheat and corn mills located beyond the borders of Virginia, become subject to the State law when offered or exposed for sale in this State. Buyers, brokers and distributors are advised to be careful to inform themselves, before ordering feeds, that the foreign manufacturer is duly registered with the department, otherwise the interstate handler of the products of non-registered mills from other States will have to register and pay the fee assessable against the foreign mill whose products he handles.

Intrastate brokers, agents or distributors of foreign mill products offered for sale in Virginia must register for each mill they represent, provided the manufacturers have not registered as required by the law, and no intrastate dealer will be permitted to sell in Virginia the products of any foreign mill until all of the requirements of the statute have been complied with.

**Penalty for Adulteration.**  
One section of the law defines adul-

teration and misbranding of mixed feeds, and provides an additional penalty for the violation of the section. Two samples only of feeds will hereafter be drawn by the inspectors of the Dairy and Food Department. These samples will be sent under seal to the department, and will be held for its exclusive use. The party from whom the sample is taken will be advised to secure and retain a like specimen for his own use, but it is to be understood that the department will not consent to give up any part of its samples sent in by the inspectors.

To show the percentage of carbohydrates in the guaranteed analysis

of the constituent parts of a feeding stuff is not required under the new law. The principal reason for leaving out this requirement was that this information was often misleading and seldom scientifically correct. At best these constituents were only approximately given in mixed feeds, and no claim was made even then to suggest a feeding value for the carbohydrates shown. A large percentage might be, in a given feed, the easily digestible sugar and starch of the feed, while on the other hand a large percentage might be present in the highly indigestible fiber and the undetermined forms of pentosans.

**Notes About Town.**  
But three more days remain for Southside dog owners to procure licenses for their pets. To date but 120 licenses have been issued, whereas last year the number was 152.

Calvin Abbott leaves to-day for a vacation trip. He will visit Atlantic City, Philadelphia, Niagara Falls and Thousand Islands.

New surveys of South Richmond are being made preparatory to the vast work of improvement which will be carried on in the next year.

**Southern Railway Earnings.**  
Estimated earnings for the Southern Railway system for the fourth week in July, 1910, were: This year, \$1,458,083; last year, \$1,459,687; increase, \$37,446.

**Executive Clemency.**  
Executive clemency has been exercised in the case of Early Puckett and Raleigh Adams, who were recently sentenced to the road for by Mayor Maurice, of Police Court, Part 2. Acting at the request of Rev. James Buchanan, of the Associated Charities, and Rev. T. M. H. Lawrence, of the Board of Charities, Governor Mann has granted the men a conditional parole. Under the terms of the parole the men are to make weekly reports to Sergeant J. G. Saunders, of Washington Ward, their failure to do so being sufficient to send them back to the road. It was rather than have Puckett's wife and child become a public charge that the Governor ordered the men's release.

**Prentiss Wins Match.**  
W. L. Prentiss, the Southside's cocker champion, won a professional match in Petersburg Thursday night by winning ten games to his opponent's seven.

**Funeral of Logan L. Osborne.**  
The funeral of Logan L. Osborne, who died Friday afternoon in Memorial Hospital, was held at the family home in Winterspock, Chesterfield county, yesterday afternoon, and was largely attended by relatives and friends. Present was a delegation from the Liberty Council, Junior Order, United American Mechanics, of which organization he was a member. While plowing on his farm a week ago Mr. Osborne sustained a stroke of paralysis, from which he never recovered. He was a man of immense stature, weighing more than 300 pounds. His wife and other near relatives survive him.

**Fire in County.**  
Fire early yesterday morning damaged the plant of E. C. Brinsler & Son, in Chesterfield county, just beyond the city limits. The loss will probably amount to \$500. The fire was discovered in the boiler room by the watchman, who telephoned the South Richmond Fire Department, which responded promptly, and by heroic measures saved the plant from total destruction. Yesterday while repairs were being made, the plant was suspended yesterday.

**Baptist Association.**  
The Middle District Baptist Association will meet in joint session here Tuesday and Wednesday. It is expected that the meeting will be one of the most successful in point of attendance held in years. R. A. Justice has been

named as moderator and Haskins Hobson as clerk.

The welcome address will be delivered by Rev. J. W. Reynolds. Rev. B. O. Thames will respond.

First Baptist—Rev. John Roach Stratton, D. D., of Baltimore, will preach at 11 A. M. and 8:15 P. M.

Asbury Place Methodist—Preaching at 11 A. M. by Rev. C. O. Blanton. No service at night.

Grove Avenue Baptist—Preaching at 11 A. M. by Rev. George B. Baker, D. D., of Louisville, Ky. No service at night.

Grace Street Presbyterian—Rev. W. W. Grover will preach at 11 A. M. and 8:15 P. M.

Seventh Street Christian—Preaching at 11 A. M. by Rev. J. E. Fisher, of New York City. Subject, "A Royal Rule of Life."

East End United Gospel Mission—Services at 1030 Third Street, between 20th and 21st Sts. at 8 P. M. Open-air meetings corner Twenty-eighth and S Streets at 5 P. M., and at Mosby and Venable at 6:15 P. M. These meetings are undenominational.

Cenotaph Methodist—The pastor, Rev. J. N. Latham, D. D., will preach at 11 A. M. on the subject "Fragments Gathered Up," and at 8:15 P. M. on "A Nameless Heroine."

Grace Street Baptist—Preaching at 11 A. M. by the pastor, Rev. David M. Ramsay, D. D.

Allan Avenue Christian—Sunday School 9:30 and communion service at 11 A. M. Owing to the absence of the pastor, Rev. Henry Pearce Atkins, there will be no sermon morning or night.

Second Baptist Church—Rev. W. W. Landrum, D. D., former pastor of the Second Baptist Church, now of Louisville, Ky., will supply for this church during the month of August, preaching his first sermon this morning.

General Scott Shipp, painfully injured, will be in Lexington, Va., August 6—Intelligence has been received in Lexington of a painful, but not serious accident to General Scott Shipp, who has been traveling in Europe for several months. While in London he desired to visit the Temple of Justice, and when descending the steps of that building, General Shipp slipped and fell, dislocating his left arm at the elbow. Medical aid was promptly rendered, and no serious results are expected. General Shipp expected to leave London for home about the 20th of August, but in consequence of this accident his departure has been delayed ten days.

Rev. P. Frank Price, D. D., the foreign pastor of the Lexington Presbyterian Church, who is laboring in the Chinese mission field, has reached Lexington on a furlough with his family, and during the month of August will fill the appointments of Dr. Alfred T. Graham, the pastor of the Lexington church. Dr. Price is supported in the foreign field by the Foreign Missionary Society of the Lexington Presbyterian Church, and it is as their guest that he is now in Lexington.

Numerous residents of Lexington have responded to the "call of the wild," and are enjoying the pleasures of camp life along the banks of Upper North River. Dr. Reid White and family, Edward L. Graham and family, Miss Cox, of Washington, and a party of young people, Dr. Alfred T. Graham and members of the Covenanters Society of the Presbyterian Church, have gone out this week to camp.

Rev. Frank Page, D. D., of Brooklyn, N. Y., will preach Sunday morning at R. E. Lee Memorial Episcopal Church. Dr. Page enjoys the unique distinction of being the first matriculate at Washington College under the presidency of General Robert E. Lee.

Masters Harry Tucker, son of Hon. H. St. George Tucker, and George White, son of Hugh A. White, member of the Virginia House of Delegates, left Lexington on a bicycle trip of several hundred miles. They went down the Shenandoah Valley to a point north of Winchester, thence into Loudoun county, and will return via Charlottesville.

## When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.
